

North Arm Walking Track

2 hrs

Moderate track

3

3.1 km One way

145m

Following the edge of Middle Harbour, this walk has excellent views and Special spots, including the views from the end of North Arm Rd and the trail near the Mannerim Rd Turnoff. The change in the track from bush track to mangroves and mudflats south of the Pump Station gives a good feel of the diversity of environments that can be found in the area.

Are you ready to have fun?

Please ensure you and your group are well prepared and equipped for all possible hazards and delays. Check park closures, weather information and Fire Danger Rating before setting out. Optional side trips and alternate routes noted are not included in this walks overall grade, length or time estimate. Please allow extra time for resting and exploring areas of interest. 0 | H.C. Press Park

(890 m 19 mins) From the end of Emerstan Rd, this walk begins by descending steeply from the road along the asphalted management trail, past the large green gate and information signs. Soon the track flattens out it changes and narrows into a track that curves around to the south-west, running parallel to Middle Harbour. The track continues pass a small boat shed and widens back into an asphalted management trail, heading slightly uphill to an intersection at the end of Willis Road. This is marked by a large gate and more information signs.

0.89 | End of Willis Rd

(860 m 22 mins) Continue straight: From the intersection, this walk heads north-west along the management trail until coming to a small green building. From the building, the trail narrows to a track and continues north-west until coming to an intersection with another track (that heads up the hill away from Middle Harbour). This intersection is marked by a small sign and arrow stating that this is the 'Mannerim Rd turnoff'.

1.75 | Mannerim Rd turnoff

(630 m 14 mins) Continue straight: From the intersection, this walk heads north-west along the track (following Scotts Creek) before coming to an intersection with an asphalt road. Continue straight: From the intersection, this walk heads down the road to the south, coming to a small intersection with a diverging track, marked by an arrow. At this point, there is a large fenced building, approximately 100m away.

2.38 | Pump Station Int

(740 m 14 mins) Continue straight: From the intersection near the pumping station, this walk heads steeply down along the track. At the bottom of the hill, the track continues south until reaching the grasslands and the boardwalk across Scotts Creek. On the southern side of the creek, the track then curves around to the east. After heading east for a short while, the track suddenly climbs away from the grasslands and heads steadily up to North Arm Rd.
